

COMPANY PROFILE

Helping Global Brands Source with Confidence from India

Sourcing · Product Development · Quality Assurance · Supplier
Management · Logistics

Built on the Factory Floor, Not Behind a Desk

We help international brands find the right suppliers, develop products, manage production and protect quality — with an experienced team on the ground in India. For more than a decade, 7SOURCE INTL has worked alongside international brands and Indian manufacturers, bridging the gap between global expectations and local production.

WHAT WE DO

End-to-End Sourcing. One Team on the Ground.

01 — Source

We identify and shortlist manufacturers based on your product, quality, capacity, compliance and target cost requirements.

02 — Verify

Our team conducts factory evaluations, product inspections and production checks to ensure requirements are understood and followed.

03 — Manage

We coordinate communication, sampling, production follow-up and reporting so you always know what is happening on the ground.

04 — Deliver

From final inspection and documentation to consolidation and shipment coordination, we help move the order forward smoothly.

Your Team in India. Your Standards, On the Ground.

- 01 On-Ground Expertise** — We work directly with factories and production teams across India's specialist manufacturing clusters.
- 02 Independent Quality Control** — Our quality team works independently from factories to protect buyer standards.
- 03 Transparent Sourcing** — Clear costing, reporting and communication throughout the order.
- 04 End-to-End Management** — From supplier discovery to shipment, one team manages the complete process.
